8:00 a.m. – SCDHA President’s Welcome
8:15 – 10:15 a.m. – “Orthodontic Treatments Today and the Power of Accelerated Orthodontics”
Get ready for an information packed presentation of current orthodontic treatments, thought processes behind treatment planning, and appliances employed to achieve exceptional occlusal and esthetic results for your patients. Attendees will learn about Orthodontic possibilities for their patients through Growth modification, orthognathic surgery, multidisciplinary treatments with complex restorative treatments.

Speaker: Donald W. Hunt, Jr., DMD, MSD has been privately practicing orthodontics and dentofacial orthopedics in Greenville, SC, since 2001. He was fortunate to practice with and learn orthodontics from his late father Donald W. Hunt, DDS. Dr. Hunt, Jr. received his undergraduate degree in Biology from the University of South Carolina, his Doctorate of Dental Medicine from the Medical University of South Carolina and his Masters of Science in Dentistry and Orthodontic Specialty Certificate from Case Western Reserve University in Cleveland, OH. He is a Past President of the South Carolina Association of Orthodontists and currently Vice President of the Greenville County Dental Society. Dr. Hunt, Jr. has utilized accelerated orthodontic treatments for his patients since 2007 as a licensed provider of “Wilckodontics” or Periodontally Assisted Osteogenic Orthodontics. Dr. Hunt has utilized the AcceleDent system for his patients since March of 2012.

10:15 – 10:30 a.m. – BREAK
10:30 a.m. – 12:30 p.m. – “From Risk to Results: Periodontal Instrumentation for the Advanced Practitioner”
This course is based on current scientific literature and will provide the clinician evidence-based tools and strategies for comprehensive patient care. The Evidence-based Decision Making (EBDM) process will be discussed with regard to periodontal risk assessment protocols, salivary diagnostics, and progressive treatment planning. Advantages of ultrasonic instrumentation will be examined as demonstrated in the current research for obtaining successful clinical outcomes.

Speaker: Renee Graham, RDH, MEd received a dental hygiene degree from Darton College and both a Bachelor of Science Education and a Master of Education degree from Valdosta State University. She brings 19 years of clinical experience in general and periodontal practices and 11 years of academic experience to the Division. For 10 years, she held the position of Director of Dental Programs at Valdosta Technical College in Valdosta, GA. Ms. Graham served as a site visitor for the Commission on Dental Accreditation 2003-2007 and has been very active with regional testing agencies, the Georgia Dental Hygiene Educators Association, and dental hygiene/dental assisting curriculum development for the State of Georgia.

“Professionalism & Products: What is the Relationship?”
No doubt that the dental practice has turned digital and high-tech. Are you educated and up-to-date on current dental products and technology? This course will discuss new products that are available and how you can incorporate them into your practice to elevate the quality of your patient care. The course objectives include defining professionalism and the role it plays in product selection; discussing the 3 “C’s” of product selection; discussing new technology and/or products; and explaining R.O.I. and its importance when adding new technology to your practice.

Speaker: Cathy Richardson, RDH, MBA has over 30 years of experience as a clinician, educator, and business consultant. After earning her BS in Dental Hygiene from the Medical College of Georgia (MCG), she practiced clinical dental hygiene for several years before joining MCG as an educator and clinical instructor. Upon receiving her MBA from the University of Tennessee-Chattanooga, she served as Office Administrator for a dental practice management consulting firm. She also contributed significantly to the development of educational and marketing materials as the SE Regional Manager for a dental loupe manufacturer. As clinic coordinator and instructor, she was able to draw from her unique career experiences to provide practical and relative experiences for her students. Along with serving as the Student American Dental Hygienists’ Association (SADHA) advisor, Ms. Richardson taught pre-clinical didactic courses and labs as well as periodontology. She is a member of the American Dental Hygienists’ Association and currently serves as Treasurer of the Atlanta Dental Hygienists’ Society. As clinical specialist for Simply Hygiene, she works with practicing hygienists and dental hygiene programs to promote education through the introduction of new technology, products and ergonomic practices.

8:00 – 11:45 a.m. “The Distinguished Hygienist™ – Part 1” (continued in the afternoon)
Hygienists are currently struggling and competing for private practice positions due to the poor job market. This course will help you to look at options in increasing the value for yourself, the dental practice and your patients. We will go beyond the Standard of Care and find your personal attitudes that can set you apart from the rest and make you The Distinguished Hygienist™. Mini-workshops, small group activities, and critical thinking are a lively and enjoyable element of this course. (This is an all day course. Attendance is required at BOTH sessions to obtain credits.)
